

Education

BVRIT HYDERABAD College of Engineering for Women , Hyderabad, India Bachelor of Technology – Information Technology; GPA: 8.93	Nov 2023 – Jun 2027
Sri Chaitanya Junior College , Hyderabad, India Intermediate Public Examination; Percentage: 95.2%	Aug 2021 – Apr 2023
Wisdom Spaces School , Metpally, India Secondary Education; Percentage: 100%	Jun 2020 – Mar 2021

Projects

FoodSense – Smart Campus Dining System Designed and developed a full-stack application enabling digital meal token booking, live queue tracking, and dynamic menu management. Tech Stack: ReactJS, Spring Boot, MySQL Contribution: Integrated booking and real-time update modules, optimized REST API communication between front-end and back-end.	Jan 2025 – May 2025
Hotel Room Booking System Built a Java-based application supporting secure user authentication, room allocation, and automated billing. Tech Stack: Java Contribution: Implemented robust input validation and streamlined error handling for a smoother user experience.	Mar 2024
Money For Nothing – Widget Market Optimizer Created an interactive Python desktop tool for maximizing widget trade profits through simulated market trends. Tech Stack: Python Contribution: Refined a user-friendly GUI using Tkinter and implemented backend logic for profit computation.	Feb 2023

Skills Summary

- Languages & Tools:** Java, Python, C, MySQL, Git, Tableau
- Platforms & Environments:** Linux, Windows, Arduino, Raspberry Pi, VS Code, Eclipse, MySQL Workbench, Dev C++, Google Colab, Excel
- Coursework:** Database Management Systems, Discrete Mathematics, Internet of Things (IoT)
- Soft Skills:** Project Management, Time Management, Event Coordination, Delegation

Certifications

TCS iON Career Edge – Young Professional Tata Consultancy Services – Covered Communication Skills, Interview Skills, AI Basics	View Apr 2025
Generative AI for Educators Google – Scored 92% and applied Generative AI concepts	View Mar 2025
Introduction to Prompt Engineering for Generative AI Covered AI prompting and foundational prompt engineering techniques	View Jan 2025

Hackathons

- Data Detox – BVRITH 2024:** Participated in a data-driven challenge focused on sustainability.
- Demux – BVRITN 2024:** Collaborated on a problem-solving hackathon involving real-world tech challenges.

Achievements

- AnitaB.org Inclusion Scholarship:** Recognized for contribution to diversity and inclusion in technology.
- Pure Earth National Conference:** Presented paper on “Technologies for Environment and Biodiversity.”
- Techie Escape Room – Innovation Day 2025:** Secured 1st place in coding-based competition.

Volunteer Experience

- Event Organizer – MEDHANVESH (BVRITH):** Managed event logistics and coordinated hackathons for 2000+ participants.
- Coordinator – Wall Magazine (Arts Club):** Led creative displays and visual content initiatives.
